AERONCA L

Title: AERONCA L-16 The Aeronca series of light aircraft go back to the pre-war Tandem Trainer and Chief models. A modernised aircraft, the Model 7 Champion was produced post-war to take advantage of the temporary general aviation boom and proved very successful. A militarised model known as the L-16 was used extensively by the USAF including active service in Korea.

Manuals for Aeroncas

Aeronca Champion

Aeronca ceased all production of light aircraft in 1951, and the Champ design was sold in 1954 to Champion Aircraft, who continued production of some of the more advanced variants of the Champ, from the 1950s into the early 1960s—gradually modifying them into the aerobatic Champion Citabria.
