

Download Smart Goals For Instructional Coaches

PEERS Goals » Instructional Coaching

PEERS Goals. Increasing student achievement by 20% on the state reading assessment is an admirable goal, but it is not helpful unless teacher and coach can identify a strategy that will help them reach the goal. Decreasing non-instructional time from 22% to 5% by teaching students expectations for transitions, for example,...

Chapter 11: evaluating coaches and coaching

goals achieved Percentage of the coaching program's goals established at time 1 achieved at time 2. [Program goals met] / [total number of program goals]. 4.3 Cost per coach total cost of the coaching program divided by the total number of coaches [total cost of the coaching program] / [total number of coaches]. 4.4 Coaches per school total number of

Examples for Instructional Coaches

goals. The instructional coach evaluates the appropriateness of resources based on the needs of the school or district. The instructional coach evaluates the appropriateness of available resources and seeks additional resources to support the school, district, or individual teacher goals.

Setting Goals as an Instructional Coach: Part One of the ...

Starting your year as an instructional coach can be overwhelming. For me, the beginning of the year looks something like this: 1. Present at two days of district training. 2. Attend nine days of district training. 3. Get my room set up. 4. Meet with the Leadership Team. 5. Distribute materials to teachers. 6. Plan campus professional development. 7.

The Most Important Part of Instructional Coaching? Setting ...

Our research has uncovered that one factor plays an incredibly important role in successful instructional coaching. When coaches set measureable student goals with teachers and provide effective support, coaching

can really make a difference. When coaches and teachers do not set goals, coaching can be a waste of time.
